

We auction over 30,000 bicycles per year. We understand our bicycles market and, as the market changes from time to time, we change as well. We continually reassess how to maximize the return on your bicycles. Below is an update on our bicycle **categorization** and **production** process.

## Bicycle Categories

### 1. Singles:

Bicycles sold as singles will generally be high end, name brands including, but not limited to, the following: Trek, Specialized, Giant, Santa Cruz, Orbea, KHS, Jamis, Yeti, GT and Pinarello.

Examples of typical singles:

- Clean condition with no major damage
- High end and/or name brand models with missing parts
  - For example, a Pinarello with missing wheels will qualify as a single bicycle because the frame is worth thousands of dollars
- Some vintage bicycles depending on brand and condition

### 2. Bulk Lots:

Bicycles sold as bulk lots will generally be low end, department store brands including, but not limited to, the following: Next, Magna, Mongoose, Huffy, Roadmaster, Quest and Pacific.

Examples of typical bulk lots:

- Department store bicycles in excellent to poor condition
- All other bicycles that do not fit the "Single" or "Disposal" profile

### 3. Disposal:

Bicycles subject to disposal will generally be:

- Damaged beyond reasonable repair
- Have bent or broken frames
- Manufacturer recalled
